Short Description
Interactive Flopping Fish Cat Toy (9.5–10.5 Inches) – Motion Activated, USB Rechargeable, Soft Plush Toy for Cats

Realistic size of 9.5–10.5 inches, perfect for biting, grabbing, and kicking, satisfying cat's natural play behaviors. The built-in motion sensor activates the fish when touched, making it flop and wiggle just like a real fish.

Description
Made from soft, skin-friendly fabric, it's gentle on cat's teeth and paws while still durable enough for daily play. The hidden zipper design allows you to easily remove the internal motor for cleaning, keeping the toy fresh and hygienic.

Rechargeable via USB, this toy is convenient, eco-friendly, and ready for endless playtime.
